

THE PENNINGTON FAMILY OF WESTLAKE

APPLEBEE FAMILY INFORMATION:

... As you may recall my father and mother were very political, unions etc. I have attached a photo of them at a trades and labor meeting in the 50's. Jimmy McKissock was the person that my father used to see at Westlake.. Did you know my father and mother? As very few people that I know would have known about living at the railway station.

I have attached a photo that was taken of both mum and dad 2nd and 3rd from the right. Jean and my wife daughters Pennington, have asked me to give this information to you to have it placed on a plaque.
